

La sardine

Je tourne sur moi-même bras et jambes tendues.
Je peux le faire sans toucher le sol avec mes bras et mes jambes.

Le caillou

Je forme une boule sans joindre mes mains.
Je roule sur moi-même sans casser mon caillou.

Le hérisson

Mon caillou se transforme en hérisson une fois sur le dos.
Je tends mes piques le plus possible.

On mélange ?

sardillou ?

sardisson ?

On peut inventer des choses.
C'est du cirque !!
